Dear Mr Unwin

Thank you for your comments on the draft State Plan.

The Government has undertaken an extensive consultation exercise involving the community, local government and peak stakeholder groups. Over 30 community forums have been held across NSW and further opportunities to provide feedback on the draft plan have been made available through the State Plan website or written submissions.

The Government is committed to listening to the concerns raised by the community as well as the suggestions for improving strategies and for setting priorities. I welcome the comments you have made about a 'whole of government' approach to cycling. You may be sure that your comments will receive close consideration in the development of a State Plan.

I would be pleased to forward you a copy of the final State Plan when it is released. You can also find further information about the State Plan, including the outcomes from the community forums at [www.nsw.gov.au/stateplan](http://www.nsw.gov.au/stateplan).

Thank you for taking the time to write to me on these important issues and for participating in the process of developing a State Plan for New South Wales.

Yours sincerely

**Morris Iemma MP**  
Premier
