Re: Submissions to:

- **Victoria Road Upgrade and Iron Cove Bridge duplication project**
- **Union Street Cycleway Project**

Dear Ministers,

Please find attached by way of information a copy of the Bicycle NSW submissions in support of the above two projects – both of which will make a significant impact on improving safety for bicycle riding on the transport corridor into the Sydney CBD from the west and thus encourage more commuters to make the bicycle their transport of choice.

In this respect I draw your attention to our initial submission to the Victoria Road upgrade project and the opportunities presented for improved transport amenity and reduced congestion across the inner west of Sydney.

Bicycle NSW would welcome the opportunity to work with you in the New Year to find ways in which we might together realise the potential before us.

Yours sincerely,

Alex S Unwin
Chief Executive Officer
Direct line 02 9218 5410
