

WBS Project	Project Description	RTA / Council	Financial Year	1. On-road Kims	2. Off-road Kims
		Albury City Council			
	Albury Bike Plan - Stage 1: Delineation of 3.5 metre wide road shoulders along both sides of: 1) Eden Street from Union Road to Buchhorn Street (500 metres); 2) Guinea Street from Kiewa Street to Young Street (750 metres); 3) Waugh Road and David Street from Logan Road to Perry Street (1700 metres); 4) David Street from Perry Street to Guinea Street (350 metres); and 5) Dean Street from Young Street to David Street (250 metres) - connecting the Albury CBD to Lavington (3550 metres).	Albury	1988/89	3.55	0
	Albury Bike Plan - Stage 2: 1) Delineation of 3.5 metre wide asphalt road shoulders along both sides of: a) Urana Road from Sanders Street to Centaur Road (1800 metres); b) David Street from Guinea Street to Dean Street (700 metres); c) Kiewa Street from Guinea Street to Nurigong Street (1900 metres); d) Fallon Street from the Railway level Xsing to Elizabeth Mitchell Drive (3100 metres); and e) Smollett Street from Thurgoona Street to David Street (1200 metres). 2) Construction of a 2.5 metre wide steel shared use bridge across Bungambrawatha Creek north of the intersection of Smollett Street/Thurgoona Street (20 metres). (On-road = 8700 metres / Off-road = 20 metres).	Albury	1989/90	8.7	0.02
O/093534	Bike Project Albury: Bike Project Albury - Stage 3a Of Bike Plan: 1) Delineation of 3.5 metre wide asphalt road shoulders along both sides of: a) Kemp Street from Kaiters Road to McDonald Road (1200 metres); b) Griffith Road from Barlow Street to Prune Street (1700 metres); c) Logan Road from Burrows Road to Mate Street (1400 metres); and d) David Street from Dean Street to Ebdon Street (900 metres). (5200 metres).	Albury	1992/93	5.2	0
O/093534	Bike Project Albury - Stage 3b Of Bike Plan: 1) Construction of 2.0 metre wide concrete shared use paths along both sides of Borella Road from the bridge over the railway line to Short Street (400 metres). 2) Construction of a 2.0 metre wide concrete shared use path along the northern side of Padman Drive from 120 metres south of Thurgoona Street to Gulson Street (900 metres). (1300 metres).	Albury	1993/94	0	1.3
	Cycleway - Albury Council Stage 4: 1) Delineation and some asphalt shoulder sealing of 3.5 metre wide road shoulders along both sides of: a) Fallon Street from Waugh Road to the Railway Xsing (1300 metres); b) Union Road from Burrows Road to Waugh Road (1400 metres); c) Dick Road from Wagga Road to Union Road (1000 metres); and d) Kaylock Road from Wagga Road to Dick Road (550 metres). 2) Construction of a 2.5 metre wide asphalt shared use path from Wagga Road to Boomerang Drive and Dale Crescent/Tracy Street, inclusive of links to Woomera Crescent and Rose Street/Dale Crescent (550 metres). (On-road = 4250 metres / Off-road = 550 metres).	Albury	1994/95	0	0
O/095447	Cycleway At Albury - Stage 5: Delineation of 3.5 metre wide asphalt road shoulders along both sides of: a) Kaiters Road from Hauge Street to Webb Street (1450 metres); b) Webb Street from Kaiters Road to Douglas Road (700 metres); c) Douglas Road from Webb Street to Barlow Street - southern side road shoulder is 1.5 metres wide (200 metres); and d) Schaefer Street from Kemp Street to Kotthoff Street (400 metres). (On-road = 2750 metres).	Albury	1996/97	2.75	0
O/095448	Cycleway At Albury - Stage 6a: Construction of a 2.5 metre wide asphalt shared use path along the southern side of the Riverina Highway from Peards Nursery car park (eastern end of the East Street Service Road) to Mungabareena Road, East Albury (600 metres).	Albury	1997/98	0	0.6
095449	Cycleways - Albury Council - Stage 6b: 1) Delineation of 3.5 metre wide asphalt road shoulders along both sides of: a) Eden Street from Buchhorn Street to Oliver Street (100 metres); b) Regina Avenue from Union Road to Burrows Road (1000 metres); and c) Yensch Street from Regina Avenue to Cattlin Street (200 metres). 2) Construction of a 2.5 metre wide gravel shared use path: a) along the western side of Bungambrawatha Creek from Pearsall Street to Oliver Street (900 metres); b) along the eastern side of Bungambrawatha Creek from Oliver Street, crossing to the western side 60 metres north of Union Street (850 metres); c) along the western side of Bungambrawatha Creek from Union Street to Logan Road (650 metres). 3) Delineation of 5.0 metre wide asphalt mixed traffic lanes along both sides of Fairview Drive from Logan Road to its southern cul-de-sac (450 metres). 4) Construction of a 2.5 metre wide gravel shared use path from the cul-de-sac end of Fairview Drive to Ryan Road (100 metres). 5) Delineation of 5.0 metre wide asphalt mixed traffic lanes along both sides of St. James Crescent from	Albury	1999/00	2.2	4.4
095450	Cycleways - Albury Council 2000/01 - Stage 7: Asphalt sealing of the 2.5 metre wide gravel shared use paths, as constructed with funding in 1999/00: a) along the western side of Bungambrawatha Creek from Pearsall Street to Oliver Street (900 metres); b) along the eastern side of Bungambrawatha Creek from Oliver Street, crossing to the western side 60 metres north of Union Street (850 metres); c) along the western side of Bungambrawatha Creek from Union Street to Logan Road (650 metres); d) from the cul-de-sac end of Fairview Drive to Ryan Road (100 metres); and e) along the eastern side of Bungambrawatha Creek from the cul-de-sac end of St. James Crescent to Stanley Street (1900 metres). (Off-road = 4400 metres).	Albury	2000/01	0	0
095449	Cycleways - Albury Council - Stage 8: 1) Construction of a 2.5 metre wide asphalt shared use path along the eastern side of the Murray River, through Oddies Creek Park/ Noreuil Park, from the Oddies Creek Bridge to the existing paths at the Lincoln Causeway/Union Bridge (250 metres); 2) Asphalt sealing of the existing 2.5 metre wide gravel path beside the Albury Swim Centre from the Hume Street Swim Centre Car Park to Smollett Street (160 metres); and 3) Construction of a 2.5 metre wide asphalt shared use path through Gertrude Colquhoun Park from the TCS crossing of Dean Street at Wodonga Place/Creek Street to Stanley Street, inclusive of a timber bridge over Bungambrawatha Channel (140 metres). (550 metres).	Albury	2001/02	0	0.55
095449	Cycleways - Albury Council 2001/02: Stage 9 - Construction of a 2.5 metre wide gravel shared use path along the western side of Bungambrawatha Creek from Logan Road to Ryan Road (750 metres)	Albury	2002/03	0	0.75
T/00935	Cycleways Albury Council - Stage 10: 1) Asphalt sealing of the 2.5 metre wide gravel shared use path along the western side of Bungambrawatha Creek from Logan Road to Ryan Road (750 metres); and 2) Reconstruction of the intersection of Buckingham Street / St. James Crescent / Ryan Road, including the extension and widening of the existing path along the northern and eastern sides of Ryan Road and St James Crescent to a 2.5 metre wide concrete shared use path - Frederick Park to Buckingham Street, kerb ramps, centre median with shared use refuge (250 metres) (1000 metres).	Albury	2003/04	0	0.25
T/01413	CYCLEWAYS - ALBURY COUNCIL - Stage 11: Construction of a 2.5 metre wide asphalt shared use path along: 1) the western and northern side of Sunwood Park from Reservoir Road to Diggers Road (300 metres); 2) the eastern side of Diggers Road from Sunwood Park to 15 metres south of Oliver Street (90 metres); and 3) from Diggers Road to the existing shared use path from Oliver Street, including a new \$25,000 bridge over Bungambrawatha Creek (30 metres). (420 metres).	Albury	2004/05	0	0.42
T/01846	Glendale Ave to Murray River CYCLEWAYS - ALBURY COUNCIL: Stage 12B - Construction of a 2.5 metre wide hotmix shared use path 1) along the east side of Warrenlee Drive, Glendale Avenue and Rosedale Drive from Banksia Street to Pemberton Street, West Albury (700 metres); and 2) along the east side of Kremur Street from Padman Drive to Murray River, West Albury (650 metres).	Albury	2005/06	0	1.35

T/02309	CYCLEWAYS - ALBURY COUNCIL 2006/07 CYCLEWAYS - ALBURY COUNCIL: Stage 13a - Construction of 2.0 metre wide hot mixed shared use paths along the southern side of Borella Road (Riverina Highway) - i) from the western end of the existing path to the eastern end of the southern side service road; and ii) from the western end of the service road to East Street, including the delineation of an on-road cycleway along the service road/s (off-road = 150 metres / on-road = 350 metres). Stage 14b - Widen the existing footpath along the southern side of Borella Road (Riverina Highway), from East Street to Keene Street, to a 2.0 metre wide hot mixed shared use path (300 metres). Stage 14c - Delineate an on-road cycleway along the service road to the south of Borella Road between Keene Street and Schubach Street (600m).	Albury	2006/07	0.95	0.45
T/02885	CYCLEWAYS - ALBURY COUNCIL 2007/08: Kaitlers Road, Macauley Street, Olive Street, Nurigong Street. 1) Stage 14.1 - Extension of the existing 3.2 metre wide road shoulder along both sides of Kaitlers Road from Webb Street to Wagga Road (Hume Highway), Springdale Heights (1300 x 2 = 2600 metres); 2) Stage 14.2 - Construction of a 2.0 metre wide asphalt shared use path along the eastern side of Macauley Street from Bridge Street to Nurigong Street, South Albury (140 metres); Stage 14.3 - Construction of a 2.0 metre wide asphalt shared use path along the southern side of Nurigong Street and the Western side of David Street from Macauley Street to Ebden Street, South Albury (370 metres); Stage 14.4 - Installation of an on-road shoulder along both sides of Olive Street from Ebden Street to Nurigong Street, South Albury (200 x 2 = 400 metres); Stage 14.5 - Construction of a 2.0 metre wide asphalt shared use path along the northern side of Nurigong Street from Olive Street to Kiewa Street, South Albury (200 metres); Stage 14.6 - Installation of 4.0 metre wide road shoulders along both sides of	Albury	2007/08	3.86	0.71
T/03404	CYCLEWAY - ALBURY COUNCIL 2008/09: 1) Extension of the on-road lanes along Kaitlers Road from Webb Street to Wagga Road; and 2) Provide safe access to Union Road underpass from Kaitlers Rd. Width 3.2m, length 1.300m x 2.	Albury	2008/09		

		<b>Balranald Shire Council</b>			
O/093982	Cycleway - Feasibility Study Murrumbidgee River Floodplain:	Balranald	1994/95		
T/02886	CYCLEWAYS - BALRANALD COUNCIL 2007/08: Euston Bike Plan Stages 1 and 2 - 1) Euston / Robinvale Connector - Construction of a 2.5 metre wide asphalt shared use path along the northwestern side of the Murray River, eastern side of Cole Street, southern side of Perry Street and the eastern side of Murray Terrace from the new Murray River bridge to Tyrrel Street, Euston (4100 metres); and 2) Weir Access - Construction of a 2.5 metre wide unsealed shared use path through Crown Land from Tyrrel Street to the Euston Weir, Euston (2400 metres).	Balranald	2007/08	0	6.5

		<b>Berrigan Shire Council</b>			
095559	COUNCIL BIKE PLAN DEVELOPMENT	Berrigan	1998/99		
096228	Cycleways - Berrigan Council 2000-01: Construction of a 2.0 metre wide spray sealed shared use path along 1) the western-southern side of Golf Course Road from the El Sierra Motel to the Cobram Barooga Golf Club Motel (320 metres); 2) the eastern-northern side of Golf Course Road from the Cobram Barooga Golf Club Motel to Barinya Street (1200 metres); and 3) the western side of Golf Course Road from Barinya Street to Vermont Nangunia Street (280 metres), Barooga. (1800 metres).	Berrigan	2000/01	0	1.8
096229	Cycleways - Berrigan Council: Construction of a 2.0 metre wide spray sealed shared use path along the eastern-northern side of Tocumwal Barooga Road and Jerilderie Street from the Tocumwal Golf Course driveway to Tuppal Street, Tocumwal (1400 metres).	Berrigan	2001/02	0	1.4
096229	CYCLEWAYS BERRIGAN COUNCIL 01/02: - off-road cycleway along Finley Lake from Newell Highway to Riverina Highway	Berrigan	2002/03		0.3
T/00938	CYCLEWAYS - BERRIGAN COUNCIL: Construction of a 2.5 metre wide concrete share use path along the northern side of Burkinshaw Street and the western side of Snell Road from the Barooga Sports Centre to Golf Course Road, Barooga (750 metres).	Berrigan	2003/04	0	0.75
T/02888	CYCLEWAYS - BERRIGAN COUNCIL 2007/08: Construction of a 2.5 metre wide (concrete for 100 metres (underpass only) and spray seal for 410 metres) shared use path from the existing shared use path on the northwestern side of the Stan Collie Causeway, at its eastern end, back under the bridge and link up with the bridge's southeastern side path, creates an underpass link between Collie Street and Golf Course Road, Barooga (510 metres).	Berrigan	2007/08	0	0.51
