Announcement

It is with great regret that we advise our CEO, Alex Unwin has tendered his resignation.

After five very rewarding years at the helm of the organisation Alex is keen to take the opportunity to travel and ride his bike in other parts of the world such as the US and the UK, where he has family.

In his time at Bicycle NSW Alex has made an enormous contribution transforming Bicycle NSW into the professional and relevant peak cycling organisation in NSW. His leadership of the organisation has been typified by his great passion for cycling and for good public policy.

The Board is pleased to announce that Chief Operating Officer, Elizabeth Hole, has agreed to assume the role of interim CEO, and Alex has generously offered to remain with the organisation for two months to support the transition.

We would like to take this opportunity to thank Alex for his unfailing, positive commitment to Bicycle NSW and bicycle riding as an important pillar in many areas of social policy, and the integrity and balance that he brought to the many challenges of his role. In view of Alex's outstanding contribution, the Board has decided to give Alex honorary life membership. We wish him well with his travel and all future endeavours.

Jenny Burn

President, Bicycle NSW
